

# VINCENTIA RATEPAYERS & RESIDENTS ASSOCIATION (VRRRA)

Your Community Consultative Body (CCB)  
Recognised by the Shoalhaven City Council

## PROPOSED SIGNAGE IDEAS FOR WHITE SANDS WALK

**Nelsons Beach** Start of track at Nelsons Beach is severely overgrown with trees/shrubs and needs to be cut back and clear signage should be installed to show the distance of walk, landmarks and route map.

**Blenheim Beach** The track comes out at the Blenheim Beach end near a small car park, signage needed to direct to next section of track across the car park.

More signage needed near the toilet block to mark Continuation of track past Blenheim towards Greenfields.

More signage needed here as the track forks off in different directions multiple times through this section of track, hard to know which track to take.

Again another sign needed pointing them towards Greenfields beach as there is another fork in the track that leads back up to houses.

**Greenfield Beach** Track comes out at car park at Greenfields but no signage to say they need to keep walking through car park and across the picnic area to continue on track towards Chinamans Beach.

More signage needed at the end of walking track when it reaches Chinamans Beach.

The *Vincentia Ratepayers & Residents Association Inc*, is an incorporated body formed to promote the well-being and amenities of Vincentia for the benefit of ratepayers, residents and visitors alike.

This is another project that your CCB is working on with Shoalhaven City Council to achieve during 2020-2021.
